

SF Bay Area Collaborative Research Network

A partnership of community clinicians, practices and UCSF

SF Bay CRN eNews – Spring, 2017

Dear Colleagues and Friends,

Welcome to a special spring edition of the San Francisco Area Bay Collaborative Research Network (SfBayCRN) eNews. SfBayCRN facilitates primary health care practice-based research partnerships between researchers and clinical practice groups at UCSF, in the greater Bay Area, and beyond. We offer free initial consultations on practice-based research issues for our members. For more information about SfBayCRN, visit: www.sfbaycrn.org.

SfBayCRN Annual Stakeholder Meeting

For this edition of our eNews we've chosen to share with the network [a news article recently published](#) at UCSF by the Clinical and Translational Science Institute (CTSI) which highlighted our third annual stakeholder meeting. We've received quite a lot of requests for the panel presentation slide decks, which we have also collated for download [here](#).

Thanks to everyone who was able to join and participate in the meeting. We look forward to future opportunities to bring out network together for these types of events.

Regards,

A handwritten signature in black ink that reads 'Michael Potter'.

Mike Potter, MD
Director, SfBayCRN
UCSF School of Medicine

Do you have questions or news to share?

We would love to hear from you!
